1429 La Loma is a newly remodeled modern styled single level home with 3 beds plus an office, and 2 full baths all within 2100 sq ft of living space and includes a 2 and a half car garage with room for your golf cart.

Upon entering into the home you are met by a large wide open living space with high ceilings over the living room and dining room which share a wall of sliders and windows giving you access to the relaxing lake view back patio overlooking the greenbelt, the community pool, and the chip and put practice stations, all part of the amenities right off your back porch as an extension of your home.... yet you do not have to maintain it.

The kitchen was fully remodeled and reconfigured to include a new island, new cabinetry, quartz countertops with marble backsplash, stainless steel appliance package and new lighting fixtures giving this kitchen a dynamic yet clean finished modern look and creating a stylish centerpiece for the entertainment area of the home.
